Solutions Services

Promoting Choice and Control

Direct payments

Self-Managed Personal Budget Training

Do you want to learn how to manage your Direct Payment/Self - Managed Personal Budget yourself? You can.... We will help you to look at how you can support yourself in the following areas including techniques you can use and where to go when you need further assistance. There is also an opportunity for you to help others with their Direct Payments Support.

Support Planning

Support Planning Training

Want to write your own Social Care Support Plan? You can...

A successful support plan must cover key questions about your needs. Our training provides a step by step guide to creating a personal support plan. This will ensure you are in control of all actions and that your decisions are kept at the heart of the matter. Our aim is that your framework of support enables you to live as independently at home as you are able with the help of your Personal Budget. There is also an opportunity for you to help others with their Support Planning

Networking

Share best practice

Come along to our regular networking and information meetings.

Have some refreshments and meet other people that you can talk to about Support Planning and Direct Payments.

Share information on different resources within the community that you can access
